

Learn to Draw with MARK KISTLER'S School Assemblies!

Photos by Lois Bernstein

Engaging Assemblies. Lasting Results.

Prepare your students to blast off to the infinite universe of imagination. Principals, PTOs and teachers continue to sign-up for this unforgettable, hands-on assembly that encourages students, staff and parents to participate.

Mark Kistler has presented his acclaimed techniques to over 7000 school assemblies.

Through television, books, Internet and appearances, Mark has taught millions of children the world over how to stretch their imaginations by adding depth and perspective to their drawings.

He can teach your students too!

Why Schedule a Learn-to-Draw Assembly with Mark Kistler? ...Outcomes that Count!

"Studies show that students of the arts in all disciplines outperformed their non-arts peers on the SAT by 102 points in 2010."

- The College Board, 2010, Group Profile Report

"Being able to transfer thoughts into three dimensional drawings develops critical thinking and visual communication skills."

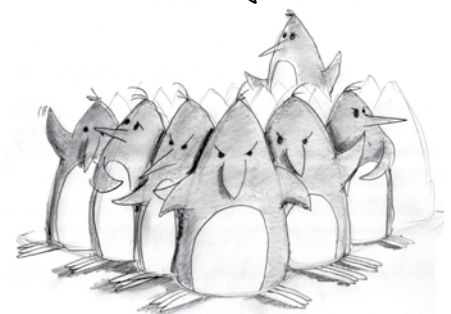

- Tim Decker, Former "Simpsons" & Disney Animator

"If they're worried about their test scores and want a way to get them higher, they need to give kids more arts..."

- Tom Horne, Arizona State Superintendent

"Just look at the inventors of the iPhone and the developers of Google... Creative experiences are part of the daily work life of engineers, business managers, and other professionals... America's children will need to be inventive and imaginative. The best way to foster that creativity is through arts education."

- Secretary of Education, Arne Duncan

Here's What You're In For...

- Energetic performances for grades K-8 (lower and upper grades).
- Groups as large as 5000 students require only pencils and paper as they follow Mark using an overhead projector or document camera.
- Students learn the principles of drawing in 3-D by adopting Mark's '12 Renaissance Words.'
- Students will illustrate stories that take them to the bottom of the sea, time travel adventures to ancient Egypt, the age of dinosaurs, King Arthur's Camelot, and even alien penguins and ninja squirrels.
- Be prepared for spontaneous laughter and creative outbursts!

Mark Kistler's school visits are a "MUST SEE" event! Just ask some of his fans, former students and guests...

- **Rex Grignon** - Supervising Animator "Shrek," "Madagascar," and worked on "Toy Story"
- **Ward Makielski** - LEGO "Bionicle," Disney, and LeapFrog "Incredibles"
- **Tim Decker** - "The Simpsons" and Disney Interactive
- **Dan Fraga** - Marvel Comics
- **Ray Bradbury** - Author

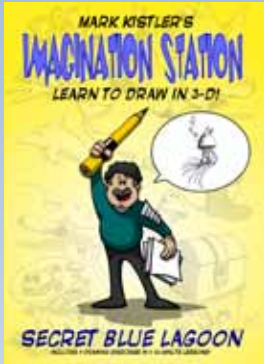

Family Art Night

During Mark's daytime assemblies, he invites children to return in the evening with their entire family. Grandma, grandpa, even baby sister arrive for an 'anyone can draw' in 3D adventure. Attendance often breaks records from previous PTO events. Normally scheduled from 6:30 p.m. to 7:30 p.m.

This 60 minute workshop must be scheduled with a daytime assembly. \$950

"Share Costs, Save Dollars!"

A Personal Note from Mark.....

School districts and families have been stretched more than ever. I see this first hand at my childrens' schools and in my travels to your cities. I am committed to keeping arts alive and vibrant in our schools; I will do whatever I can to support art teachers, local arts organizations, PTOs and music teachers. (Just don't ask me to sing.) If you can team up with other schools, we can share travel costs and I will reduce my rate as well. I have been committed to art education for decades and will do everything I can to help bring art to your community.
